Forests (ISSN 1999-4907) is a peer-reviewed open access journal of forestry and forest ecology published monthly online by MDPI. Open Access —free for readers, with article processing charges (APC) paid by authors or their institutions. High Visibility: indexed by the Science Citation Index Expanded (Web of Science), Ei Compendex, GeoBase, Scopus and other databases.

Forests | An Open Access Journal from MDPI

The article first reviews rates and definitions of tropical deforestation and the environmental implications in terms of climate change, biodiversity loss, and reduced supply of forest products. Tropical deforestation and other land use changes contributed about 20 percent of the global anthropogenic CO 2 emissions during the 1990s. The main focus of the article is on the driving forces of deforestation.

Forest Ecology and Management publishes scientific articles linking forest ecology with forest management, focusing on the application of biological, ecological and social knowledge to the management and conservation of plantations and natural forests. The journal encourages communication...

Forest Ecology and Management - Journal - Elsevier

Nontimber forest products (NTFPs) are composed of a broad variety of products of plant or fungal origin extracted from forests (Chamberlain et al. 1998). The products have been used and valued by communities across the United States for generations, but many of the products lack systematic research or quantification of the values they provide (Alexander et al. 2001).

Forest Products Journal Articles - garretsen-classics.nl

For over eighty years we have been using primarily home grown raw material felled from managed woodlands. At our Cinderford works we take timber, predominantly from sustainable sources, for cutting and processing – this way we can guarantee that our timber has been properly treated from felling to delivery.
