With the help of a #1 New York Times bestselling author and finance expert, set your finances right with these updated tactics and practices Dave Ramsey knows what it's like to have it all. By age twenty-six, he had established a four-million-dollar real estate portfolio, only to lose it by age thirty. He has since rebuilt his financial life and, through his workshops and his New York Times business bestsellers Financial Peace and More than Enough, he has helped hundreds of thousands of people to understand the forces behind their financial distress and how to set things right-financially, emotionally, and spiritually. In this new edition of Financial Peace, Ramsey has updated his tactics and philosophy to show even more readers: ¶ how to get out of debt and stay out ¶ the KISS rule of investing!"Keep It Simple, Stupid" ¶ how to use the principle of contentment to guide financial decision making ¶ how the flow of money can revolutionize relationships With practical and easy to follow methods and personal anecdotes, Financial Peace is the road map to personal control, financial security, a new, vital family dynamic, and lifetime peace.

Dave Ramsey explains those scriptural guidelines for handling money.

A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits.

Foundations of Personal Finance prepares students to be responsible for their own money management and become financially capable individuals. Principles of personal finance and economic concepts are presented in an easy-to-understand format. Each chapter in this new edition is revised to reflect the latest in personal finance trends and information. The Workbook is designed to help students review content, apply knowledge, and develop critical-thinking skills. A wide variety of activities are provided for various learning styles. This supplement is a consumable resource, designed with perforated pages so that a given chapter can be removed and turned in for grading or checking.

In Smart Money Smart Kids, Financial expert and best-selling author Dave Ramsey and his daughter Rachel Cruze equip parents to teach their children how to win with money. Starting with the basics like working, spending, saving, and giving, and moving into more challenging issues like avoiding debt for life, paying cash for college, and battling discontentment, Dave and Rachel present a no-nonsense, common-sense approach for changing your family tree.

Does fear and insecurity keep you from looking at your bank account? Is your financial anxiety holding you captive? You don't have to stress about money anymore. YOU can take back control. As a newly divorced single mom making \$24,000 per year and facing down \$77,000 in debt, Kumiko Love worried constantly about money. She saw what other moms had: vacations, birthday parties, a house full of furniture and felt ashamed that she and her son lived in a small apartment and ate dinner on the floor. Worse, when her feelings began to exhaust her, she binge-shopped, reasoning that she'd feel better after a trip to the mall. On the day she needed to pay for a McDonald's ice cream cone without her credit card, she had an epiphany: Money is not the problem. Self-Doubt is the problem. Shame is the problem. Guilt is the problem. Society's expectations for her are the problem. She is the solution. Once she reversed the negative thinking patterns pushing her toward decisions that didn't serve her values or goals, her financial plan wrote itself. Now, she's not only living debt-free in her dream home, which she paid for in cash, but she has spread her teachings around the world and helped countless women envision better lives for themselves and their families. Now, building on the lessons she's taught millions as the founder of The Budget Mom, she shares a step by step plan for taking control back over your financial life! regardless of your level of income or your credit card balance. Through stories from navigating divorce to helping clients thrive through recessions, depression, eviction, layoffs and so much more, you will learn foundational practices such as: How to use your emotions to your financial advantage, instead of letting them control you How to create a budget based on your real life, not a life of self-denial How to create a motivating debt pay-off plan that makes you excited about your future, instead of fearing it My Money My Way will give you the tools to align your emotional health with your financial health! to let go of deprivation and embrace desire. Love's paradigm-shifting system will teach you how to honor your unique personal values, driving emotions, and particular needs so that you can stop worrying about money and start living a financially fulfilled life.

The need-to-know essentials of investing This book explains the conceptual foundations of investing to improve investor performance. There are a host of investment mistakes that can be avoided by such an understanding. One example involves the trade-off between risk and return. The trade-off seems to imply that if you bear more risk you will have higher long-run average returns. That conclusion is false. It is possible to bear a great deal of risk and get no benefit in terms of higher average return. Understanding the conceptual foundations of finance makes it clear why this is so and, thereby, helps an investor avoid bearing uncompensated risks. Another choice every investor has to make is between active versus passive investing. Making that choice wisely requires understanding the conceptual foundations of investing. ¶ Instructs investors willing to take the time to learn all of the concepts in layman's terms ¶ Teaches concepts without overwhelming readers with math ¶ Helps you strengthen your portfolio ¶ Shows you the fundamental concepts of active investing The Conceptual Foundations of Investing is ultimately for investors looking to understand the science behind successful investing.

The personally revealing and complete biography of the man known everywhere as ¶The Oracle of Omaha¶¶ for fans of the HBO documentary Becoming Warren Buffett Here is the book recounting the life and times of one of the most respected men in the world, Warren Buffett. The legendary Omaha investor has never written a memoir, but now he has allowed one writer, Alice Schroeder, unprecedented access to explore directly with him and with those closest to him his work, opinions, struggles, triumphs, follies, and wisdom. Although the media track him constantly, Buffett himself has never told his full life story. His reality is private, especially by celebrity standards. Indeed, while the homespun persona that the public sees is true as far as it goes, it goes only so far. Warren Buffett is an array of paradoxes. He set out to prove that nice guys can finish first. Over the years he treated his investors as partners, acted as their steward, and championed honesty as an investor, CEO, board member, essayist, and speaker. At the same time he became the world's richest man, all from the modest Omaha headquarters of his company Berkshire Hathaway. None of this fits the term ¶simple.¶ When Alice Schroeder met Warren Buffett she was an insurance industry analyst and a gifted writer known for her keen perception and business acumen. Her writings on finance impressed him, and as she came to know him she realized that while much had been written on the subject of his investing style, no one had moved beyond that to explore his larger philosophy, which is bound up in a complex personality and the details of his life. Out of this came his decision to cooperate with her on the book about himself that he would never write. Never before has Buffett spent countless hours responding to a writer's questions, talking, giving complete access to his wife, children, friends, and business associates! opening his files, recalling his childhood. It was an act of courage, as The Snowball makes immensely clear. Being human, his own life, like most lives, has been a mix of strengths and frailties. Yet notable though his wealth may be, Buffett's legacy will not be his ranking on the scorecard of wealth; it will be his principles and ideas that have enriched people's lives. This book tells you why Warren Buffett is the most fascinating American success story of our time. Praise for The Snowball ¶ Even people who don't care a whit about business will be intrigued by this portrait. . . . Schroeder, a former insurance-industry analyst, spent years interviewing Buffett, and the result is a side of the Oracle of Omaha that has rarely been seen.¶¶ Time ¶ Will mesmerize anyone interested in who Mr. Buffett is or how he got that way. The Snowball tells a fascinating story.¶¶ New York Times ¶ If the replication of any great achievement first requires knowledge of how it was done, then The Snowball, the most detailed glimpse inside Warren Buffett and his world that we likely will ever get, should become a Bible for capitalists.¶¶ Washington Post ¶ Riveting and encyclopedic.¶¶ Wall Street Journal ¶ A monumental biography . . . Schroeder got the best access yet of any Buffett biographer. . . . She deals out marvelously funny and poignant stories about Buffett and the conglomerate he runs, Berkshire Hathaway.¶¶ Forbes ¶ The most authoritative portrait of one of the most important American investors of our time.¶¶ Los Angeles Times
