~~How To Hide Your Money From The IRS~~

A New York Times and Wall Street Journal bestseller! Are you tired of the way you're living? Are you fed up with everyone trying to take your most valuable possessions--your money and assets--away? Are you sick of having creditors, the IRS, or a vindictive ex-spouse nipping at your heels? If only you could disappear without a trace...if only you could resurface in some exotic foreign place with a whole new identity and a brand-spanking new life. And on the other side, how would you like to track down that ex (and his assets) who owes you money? Want to know his tricks? For most people, this is just a fantasy. But it doesn't have to be. In Hide Your Assets and Disappear, one of the nation's top-ten-rated private investigators, Edmund J. Pankau, reveals all the tricks of his trade to show you how to hide it all or find someone who has. An experienced tracker who has worked for the government to recover missing assets, Pankau explains step-by-step how to successfully get away or find someone who has. Filled with vivid real-life stories of both successes and failures as well as an Internet research guide, this invaluable guide outlines exactly what you should know before you go, including the ever-increasing difficulties you will face as the world becomes more tightly linked through electronic networks. Pankau shows you how to pay attention to prevent slip-ups that can give you away, from birthday phone calls to magazine subscriptions to an off-the-cuff comment to a stranger. He prepares you logistically and psychologically to successfully make the transition to your new life and new self in a new world, and gives you the best information on how to go, where to go, how to live, how to behave, and even who to become once you get there. Should I keep my assets here or move them abroad? How do I create a new identity? How do I stay lost? Can I ever go back? How can I avoid anyone who might be looking for me? And how can I find someone who's disappeared on me? How do people fake their own deaths? What can the government do to catch a concealer? Pankau has the answer for all these questions and many more, and provides the tiny, often overlooked details that can make the difference between lounging on a tropical beach or ending up on the wrong side of the law. Whether you're in search of a new life or someone who has hidden their assets and disappeared and left you in the lurch, listen to Edmund J. Pankau. With his unique, entertaining, eye-opening guide, he shows you how to go from victim to victor. Thinking of disappearing without a trace? Want to find someone who has? Consider these questions... Which is the better place to go, New Zealand or Panama? How much cash you can legally take out of the country? What are the hot spots the Customs Department targets as suspicious entrance points? What is FinCEN and how can it ruin your plans? Where is it better to keep money, the Cayman Islands, Bermuda, or Switzerland? Should you seek out the expatriates in your new country or lay low? What should you do if someone recognizes you in your new home? What happens if you get sick abroad?

Don't Hide Your Light under a Laundry Basket is packed with creative ideas that will help women tap into their passions and leverage their influence for the good of the world and the glory of God--even if they have a baby strapped to their chest and a toddler clinging to their knees. When your world is dominated by dirty diapers, the fair distribution of animal crackers, and nightly battles over proper dental hygiene, it's easy to feel as if your unique gifts and callings have been swept aside like those stale Cheerios collecting dust bunnies under the kitchen table. Mums with a passion for missions, social justice, and evangelism may even feel like their families are "hampering" their ministry, though few would dare admit it. But it doesn't have to be that way. Written in a chatty, conversational tone, Don't Hide Your Light is a collection of fun-sized essays that can be read in five minutes or less--perfect for sleep-deprived moms who need reading material that can be picked up without guilt and put down without frustration. Readers will be armed with an array of ideas on how to impact their home, workplace, community, and world, and tips and testimonies from everyday moms will get women excited about how God could use them right where they are, spit-stains and all.

This nutrition is a door way to inside my head through some of the most difficult times of my life. What i felt like in those dark times strung out in poetry form.

Especially vegetables ... for many families, they can cause a battle of wits between parent and child. "Please Don't Hide My Vegetables" will help you find common ground and appreciate where food comes from.

Gamer: I have no idea why Raelynn Walker is pretending to be her famous recording artist sister. I know it's been five years since high school, but did she honestly think I wouldn't recognize the shy twin? The one who couldn't carry a tune if her life depended on it? The one I'd crushed on since...forever? Whatever her reason, when she runs into Sam's Pub with a hoard of her sister's fans hot on her heels, throws her arms around me and plants her luscious lips on mine...let's just say that the universe opened and gave me what I'd waited forever for. I should probably tell her I know who she is. Keeping my mouth shut and giving her a wild night in her sister's shoes is wrong, right? Then again, they don't call me Bad Boy Gamer, because I'm...you know...good. Millionaire: She's my best friend's kid sister, and I had long ago vowed to keep away. But when she asks me to help make her dream man jealous at her work's annual weekend getaway, I just about lose my SH\$. She might think she's the ugly duckling, and maybe I teased her too much when she wore pigtails. But Fu#s I had to do something to hide my real feelings, because she's the hottest girl I know. If some douchebag is too stupid to see the swan, she shouldn't be with him. No, she should be with a guy like me, one who would worship her, bring her to life beneath my hands...my mouth. But I'm a player with a reputation, and she's off limits. Yeah, keeping my hands to myself is what I need to do. Then again, they don't call me Bad Boy Millionaire, because I'm...you know...good. CEO: I'm the hard-ass president and CEO of a multimillion dollar company. I have rules and do things strictly by the book. Until sweet and innocent Holly crashes her car in a thunderstorm, and I take her to my cabin--my off limits sanctuary outside the city--for safety. She doesn't know my true identity, doesn't know my rules: sex is for pleasure, and relationships are out of the question. But when tension bubbles up between us, and nearly sets my cabin on fire, I'm suddenly conflicted. Breaking my rules are out of the question, especially after I find out who she really is. I need to end this. Now. Yeah, walking away is what I need to do. Then again, they don't call me Bad Boy CEO, because I'm...you know...good.
