A riveting historical novel about Peggy Shippen Arnold, the cunning wife of Benedict Arnold and mastermind behind America's most infamous act of treason. Everyone knows Benedict Arnold, the infamous Revolutionary War General who betrayed America and fled to the British as history's most notorious turncoat. Many know Arnold's co-conspirator, Major John André, who was apprehended with Arnold's documents in his boots and hanged at the orders of General George Washington.

**The Traitor's Wife - a Novel by Allison Pataki**

In The Traitor's Wife, Allison Pataki brings to life an intriguing slice of American history, told from the perspective of Peggy's maid, Clara Bell, who must decide where her own loyalties lie. Topics & Questions for Discussion 1. Before moving to Philadelphia, Clara spent her entire life on a farm in the Pennsylvania countryside.

Susan Higginbotham is the author of seven historical novels, including Hanging Mary, The Stolen Crown, and The Queen of Last Hopes. The Traitor's Wife, her first novel, was the winner of ForeWord Magazine's 2005 Silver Award for historical fiction and was a Gold Medalist, Historical/Military Fiction, 2008 Independent Publisher Book Awards.

**The Traitor's Wife by Susan Higginbotham | NOOK Book ---**

I thoroughly enjoyed Kathleen Kent's first novel, The Heretic's Daughter, so I started The Traitor's Wife with high expectations. Unfortunately these were not met. The story of a family in New England in the early days of white settlement had interesting links with English history with the claim that the traitor of the title beheaded Charles I.

Her work has been translated into more than a dozen languages, has been featured on The TODAY Show, The NY Times, The Huffington Post, USA Today, FOX News, Morning Joe, and more.

**The Traitor's Wife by Allison Pataki - Goodreads**

Although we may never know precisely, Susan Higginbotham explores this topic in "The Traitor's Wife" with the main viewpoint being of Hugh Despenser's wife: Eleanor. Disappointingly, "The Traitor's Wife" begins with a rather slow kick and pace. Although the novel is from the perspective of Eleanor le Despenser (nee de Clare); a myri

**The Traitor's Wife on Apple Books**

The story of Benedict Arnold's decision to betray the Americans and most notably George Washington showing the influence his wife Peggy Shippen, who valued things and status, had on his decision to give his support to the English for money and status. Well written and a fair depiction of the conditions in the colonies. I person found this helpful

A riveting historical novel about Peggy Shippen Arnold, the cunning wife of Benedict Arnold and mastermind behind America's most infamous act of treason... Everyone knows Benedict Arnold, the Revolutionary War general who betrayed America and fled to the British, as history's most notorious turncoat. Many know Arnold's co-conspirator, Major John André, who was apprehended with Arnold's documents in his boots and hanged at the orders of General George Washington. But few know of the integral third character in the plot: a charming young woman who not only contributed to the betrayal but orchestrated it. Socialite Peggy Shippen is half Benedict Arnold's age when she seduces the war hero during his stint as military commander of Philadelphia. Blinded by his young bride's beauty and wit, Arnold does not realize that she harbors a secret: loyalty to the British. Nor does he know that she hides a past romance with the handsome British spy John André. Peggy watches as her husband, crippled from battle wounds and in debt from years of service to the colonies, grows ever more disillusioned with his hero, Washington, and the American cause. Together with her former love and her disaffected husband, Peggy hatches the plot to deliver West Point to the British and, in exchange, win fame and fortune for herself and Arnold. Told from the perspective of Peggy's maid, whose faith in the new nation inspires her to intervene in her mistress's affairs even when it could cost her everything, The Traitor's Wife brings these infamous figures to life, illuminating the sordid details and the love triangle that nearly destroyed the American fight for freedom.

Retells through the perspective of her maid, the story of Peggy Shippen Arnold, the mastermind behind America's most infamous act of treason, as Peggy hatches a plot to deliver West Point to the British.

From the bedchamber to the battlefield, through treachery and fidelity, one woman is imprisoned by the secrets of the crown. It is an age where passion reigns and treachery runs as thick as blood. Young Eleanor has two men in her life: her uncle King Edward II, and her husband Hugh le Despenser, a mere knight but the newfound favorite of the king. She has no desire to meddle in royal affairs—she wishes for a serene, simple life with her family. But as political unrest sweeps the land, Eleanor, sharply intelligent yet blindly naive, becomes the only woman each man can trust. Fiercely devoted to both her husband and her king, Eleanor holds the secret that could destroy all of England—and discovers the choices no woman should have to make. At its heart, The Traitor's Wife is a unique love story that every reader will connect with. Gold Medalist, historical / military fiction, 2008 Independent Publisher Book Awards | Includes bonus reading group guide PRAISE FOR THE TRAITOR'S WIFE: "Conveys emotions and relationships quite poignantly... entertaining historical fiction." | Kirkus Discoveries "Higginbotham's talents lie not only in her capacity for detailed genealogical research of the period, but also in her skill in bringing these historical figures to life with passion, a wonderful sense of humor, honor, and love." | Historical Novels Review Online

This novel was originally published under the title The Wolves of Andover. In the harsh wilderness of colonial Massachusetts, Martha Allen works as a servant in her cousin's household, taking charge and locking wills with everyone. Thomas Carrier labors for the family and is known both for his immense strength and size and his mysterious past. The two begin a courtship that suits their independent natures, with Thomas slowly revealing the story of the role he played in the English Civil War. But in the rugged new world they inhabit, danger is ever present, whether it be from the assassins sent from London to kill the executioner of Charles I or the wolves—in many forms—who hunt for blood. At once a love story and a tale of courage, The Traitor's Wife confirms Kathleen Kent's ability to craft powerful stories from the dramatic background of America's earliest days.

In the harsh wilderness of colonial Massachusetts, Martha Allen works as a servant in her cousin's household, taking charge and locking wills with everyone. Thomas Carrier labors for the family and is known both for his immense strength and size and mysterious past. The two begin a courtship that suits their independent natures, with Thomas slowly revealing the story of his part in the English Civil War. But in the rugged new world they inhabit, danger is ever present, whether it be from the assassins sent from London to kill the executioner of Charles I or the wolves -- in many forms -- who hunt for blood. A love story and a tale of courage, The Wolves of Andover confirms Kathleen Kent's ability to craft powerful stories of family from colonial history.

There was something powerful about it, something magnetic. He had witnessed the effect of such uniforms in the newsreels; now he was about to wear one. But this SS uniform -- the uniform proudly worn by so many maniacs and murderers -- bore a Union Jack...It was an insult to King and Country. In November 1943 the Nazis capture British secret agent John Lockhart while he is on a Resistance mission to German-occupied Crete. They give him a stark choice: betray his country or die. In a decision some might consider treason and moral folly, Lockhart acts out of love and strikes a bargain with his captors: in return for his wife, who is interned in a concentration camp, he will change sides. But he is stunned to learn that his mission is to lead the British Free Corps, a clandestine unit of the SS composed of British fascists and renegades culled from POW camps. Aware that he, like them, will be branded a traitor, Lockhart seeks to redeem himself by destroying a terrifying secret weapon that threatens to change the course of history.

"A delightful novel full of chivalry, romance, and real-life terrors." Historical Novels Review Forced to marry Hugh le Despenser, the son and grandson of disgraced traitors, Bess de Montacute, just 13 years old, is appalled at his less-than-desirable past. Meanwhile, Hugh must give up the woman he really loves in order to marry the reluctant Bess. Far apart in age and haunted by the past, can Hugh and Bess somehow make their marriage work? Just as walls break down and love begins to grow, the merciless plague endangers all whom the couple holds dear, threatening the life and love they have built. Award-winning author Susan Higginbotham's impeccable research will delight avid historical fiction readers, and her enchanting characters will surely capture every reader's heart. Fans of her first novel, The Traitor's Wife, will be thrilled to find that this story follows the next generation of the Despenser family.

Those who don't know history are destined to repeat it . . . When seventeen year-old Jasper is approached at the funeral of his deadbeat father by a man claiming to be an associate of his deceased parents, he's thrust into a world of secrets tied to America's history—and he's right at the heart of it. First, Jasper finds out he is the sole surviving descendant of Benedict Arnold, the most notorious traitor in American history. Then he learns that his father's death was no accident. Jasper is at the center of a war that has been going on for centuries, in which the descendants of the heroes and traitors of the American Revolution still duel to the death for the sake of their honor. His only hope to escape his dangerous fate on his eighteenth birthday? Take up the research his father was pursuing at the time of his death, to clear Arnold's name. Whisked off to a boarding school populated by other descendants of notorious American traitors, it's a race to discover the truth. But if Jasper doesn't find a way to uncover the evidence his father was hunting for, he may end up paying for the sins of his forefathers with his own life. Like a mash-up of National Treasure and Hamilton, Matthew Landis's debut spins the what-ifs of American history into a heart-pounding thriller steeped in conspiracy, clue hunting, and danger.

"This is an action-packed, expertly plotted story, drenched in double crosses and intrigue, with an irresistible heroine and a sweet and sexy romance. A late-breaking twist gives way to a final act that will leave readers eager for subsequent books in this planned trilogy." | Publishers Weekly , starred review An obstinate girl who will not be married. A soldier desperate to prove himself. A kingdom on the brink of war. With a sharp tongue and an unruly temper, Sage Fowler is not what they'd call a proper lady—which is perfectly fine with her. Deemed unfit for a suitable marriage, Sage is apprenticed to a matchmaker and tasked with wrangling other young ladies to be married off for political alliances. She spies on the girls—and on the soldiers escorting them. As the girls' military escort senses a political uprising, Sage is recruited by a handsome soldier to infiltrate the enemy ranks. The more she discovers as a spy, the less certain she becomes about whom to trust—and Sage becomes caught in a dangerous balancing act that will determine the fate of her kingdom. With secret identities and a tempestuous romance, Erin Beaty's The Traitor's Kiss is full of intrigue, espionage, and lies. An Imprint Book "Marital and martial matters collide when brides and spies become ensnared in a treasonous plot. . . . Sage is a clever, contrary female protagonist who remains realistic and likable, while her fellow protagonist Ash is enigmatic enough to require a second read. . . . Both epic and intimate, a semiold-fashioned alternative to the wave of inexplicably lethal superheroines and their smoldering love triangles." | Kirkus Reviews "Complex characterization, deftly layered adventure story, and [a] balanced blend of political maneuvering, romantic interludes, and action scenes." | Kirkus Reviews "Beaty balances a taut web of deceit...readers will be carried away by the mystery." | The Bulletin of the Center for Children's Books (BCCB) "A debut novel that blends fantasy, romance, and battlefield action. . . . A slow burn YA fantasy with clever genre mixing." | School Library Journal

NEW YORK TIMES BESTSELLER | The celebrated author of Double Cross and Rogue Heroes returns with his greatest spy story yet, a thrilling Americans-era tale of Oleg Gordievsky, the Russian whose secret work helped hasten the end of the Cold War. "The best true spy story I have ever read." | JOHN LE CARRÉ Named a Best Book of the Year by The Economist | Shortlisted for the Baile Giffords Prize in Nonfiction If anyone could be considered a Russian counterpart to the infamous British double-agent Kim Philby, it was Oleg Gordievsky. The son of two KGB agents and the product of the best Soviet institutions, the savvy, sophisticated Gordievsky grew to see his nation's communism as both criminal and philistine. He took his first posting for Russian intelligence in 1968 and eventually became the Soviet Union's top man in London, but from 1973 on he was secretly working for MI6. For nearly a decade, as the Cold War reached its twilight, Gordievsky helped the West turn the tables on the KGB, exposing Russian spies and helping to foil countless intelligence plots, as the Soviet leadership grew increasingly paranoid at the United States's nuclear first-strike capabilities and brought the world closer to the brink of war. Desperate to keep the circle of trust close, MI6 never revealed Gordievsky's name to its counterparts in the CIA, which in turn grew obsessed with figuring out the identity of Britain's obviously top-level source. Their obsession ultimately doomed Gordievsky: the CIA officer assigned to identify him was none other than Aldrich Ames, the man who would become infamous for secretly spying for the Soviets. Unfolding the delicious three-way gamesmanship between America, Britain, and the Soviet Union, and culminating in the gripping cinematic beat-by-beat of Gordievsky's nail-biting escape from Moscow in 1985, Ben Macintyre's latest may be his best yet. Like the greatest novels of John le Carré, it brings readers deep into a world of treachery and betrayal, where the lines bleed between the personal and the professional, and one man's hatred of communism had the power to change the future of nations.
